INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Madera County Transportation Commission
Madera, California

We have audited the accompanying financial statements of the governmental activities, the general fund and the aggregate remaining fund information of the Madera County Transportation Commission (the Commission) as of and for the year ended June 30, 2012, which collectively comprise the Commission's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Commission's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the general fund and the aggregate remaining fund information of the Commission as of June 30, 2012, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 11, 2013, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 9 and 36 through 37 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the

information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's financial statements. The other supplementary information listed in the table of contents including the Combining Statements of Fiduciary Funds and Schedule of Expenditures of Federal awards, as required by *Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (Circular A-133)* are presented for purposes of additional analysis and are also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The Other Schedules as listed in the table of contents, except for those listed above, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**MADERA COUNTY TRANSPORTATION COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2012**

As management of the Madera County Transportation Commission (the "Commission"), we offer readers of the Commission's financial statements this narrative overview and analysis of the financial activities of the Commission for the fiscal year ended June 30, 2012. We encourage the readers to consider the information presented here in conjunction with the Commission's financial audit.

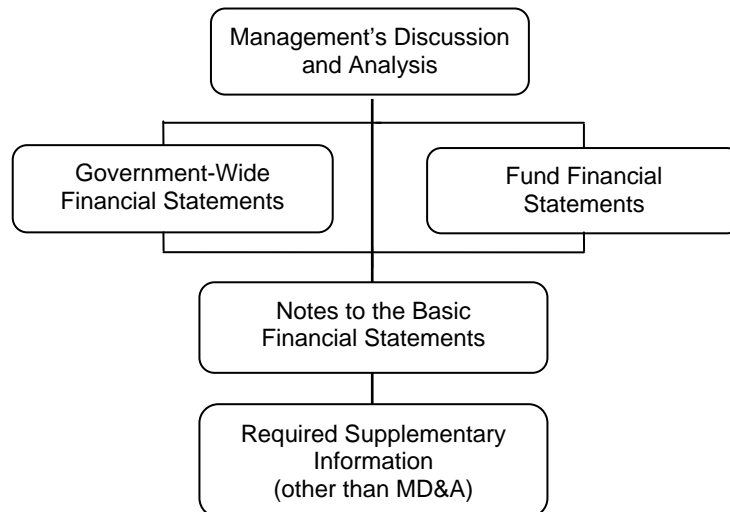

Financial Highlights

- ◆ The assets of the Commission exceeded its liabilities at the close of the fiscal year by \$1,064,016 (net assets).
- ◆ The Commission's total net assets for the fiscal year ended June 30, 2012 increased by \$58,107 primarily due to lower than expected expenditures.
- ◆ As of the close of the current fiscal year, the Commission's governmental funds reported combined ending net asset balances of \$1,091,816, an increase of \$62,202 in comparison with the prior year. Approximately \$1,091,816 is available for spending at the Commission's discretion (unreserved/unrestricted fund balance).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Commission's basic financial statements. The Commission's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). This report also contains other supplementary information in addition to the basic financial statements themselves.

**Required Components of Annual Financial Report
Figure 1**

**MADERA COUNTY TRANSPORTATION COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2012**

Basic Financial Statements

The first two statements in the basic financial statements are **Government-Wide Financial Statements**. They provide both short and long-term information about the Commission's financial status.

The next statements are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Commission's government. These statements provide more detail than the government-wide statements. There are two parts to the Fund Financial Statements: 1) the governmental fund statements and 2) the fiduciary and agency fund statements.

The next section of the basic financial statements is the **Notes**. The notes to the basic financial statements explain in detail some of the data contained in those statements. After the notes, **supplementary information** is provided to show details about the Commission's non-major governmental funds which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Commission's finances, in a manner similar to a private-sector business, and consist of the following two statements:

The statement of net assets presents information on the Commission's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The statement of activities presents information showing how the Commission's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, the revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements report on the function of the Commission that is principally supported by local, state, and federal funding. The Commission's function is to foster intergovernmental coordination; undertake comprehensive regional planning with an emphasis on transportation issues; provide a forum for citizen input into the planning process; and to provide technical services to its member agencies (City of Madera, County of Madera, and the City of Chowchilla). In all of these activities the Commission works to develop a consensus among its members with regards to multi-jurisdictional transportation issues.

The government-wide financial statements can be found on pages 12 to 13 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Madera County Transportation Commission, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**MADERA COUNTY TRANSPORTATION COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2012**

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, tax revenue fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The basic governmental fund financial statements can be found on pages 16 through 19 of this report.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Fiduciary Trust Funds. Trust funds are used to account for resources held for the benefit of parties outside the Commission. The Commission has four trust funds (STA, LTF, RSTP, and PTMISEA). Trust funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support Commission's programs.

The basic trust fund financial statements can be found on pages 20 through 21 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 24 through 34 of this report.

Other Information. This report also presents certain required supplemental information concerning compliance with the Commission's annual budget for the general fund which is the Commission's main operating fund. This information and associated notes immediately follow the basic financial statements and their accompanying notes.

**MADERA COUNTY TRANSPORTATION COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2012**

Government-Wide Financial Analysis

Below is a summary of the government-wide financial statements for the fiscal year ended June 30, 2012:

Net assets may serve over time as a useful indicator of a government's financial position. In the case of the Commission, assets exceeded liabilities by \$1,064,016 at the close of the fiscal year 2011-2012.

At the end of the current fiscal year, the Commission reported a positive balance in net assets for the Commission as a whole and two of the three other net assets components.

Expenses:			
Transportation planning	<u>880,423</u>	<u>844,672</u>	4%
Total expenses	<u>880,423</u>	<u>844,672</u>	4%
Change in net assets	58,107	26,293	121%
Net assets - beginning	<u>1,005,909</u>	<u>979,616</u>	3%
Net assets - ending	<u>\$ 1,064,016</u>	<u>\$ 1,005,909</u>	6%

Governmental Activities: The Commission's net assets increased by \$58,107 for the fiscal year ended June 30, 2012. The Figure 3 table above indicates the changes in net assets for governmental activities. The key element of this increase is primarily attributable to an increase in net income of \$58,107. Budget and fund financial statements reflect the modified accrual basis of accounting under U.S. generally accepted accounting principles. Under this approach, capital assets purchased and debt principal payments are recorded as expenditures. Further, revenues are accrued if measurable and available within the Commission's availability period established at 90 days. Conversely, the statement of activities is reported under the accrual basis of accounting, which capitalizes capital asset purchases, reduces liabilities by principal payments and recognizes revenues collected after the 90-day period.

The Commission's Funds

As the Commission completed this year, our governmental funds reported a combined fund balance of \$1,091,816, which is an increase of \$62,202 from last year due to lower than budgeted expenditures.

General Fund Budgetary Highlights

During the fiscal year, the Commission revised the budget on one occasion. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

**MADERA COUNTY TRANSPORTATION COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2012**

The Commission adopts an annual budget for its General Fund. The budget is a legally adopted document that incorporates input from the Technical Advisory Committee, the management of the Commission, and the decisions of the Policy Board about which services to provide and how to pay for them. It also authorizes the Commission to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Commission complied with the budget ordinance whether or not the Commission succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting.

During the year there was a \$9,857 increase in revenue between the original budget and the final budget for the General Fund primarily as a result of higher than estimated expenditures. Actual revenues were less than the final budget by \$73,892 and expenditures were less than the final budget by \$136,094. The net effect of these differences results in a change in fund balance in the general fund of \$62,202.

Long-Term Obligations

At the end of 2012, the Commission had \$33,867 in debt outstanding. The debt consisted of compensated absences (see Note 7).

Contacting Madera County Transportation Commission's Financial Manager

This financial report is designed to provide federal and state oversight agencies, taxpayers and creditors with a general overview of Madera County Transportation Commission's finances and to demonstrate Madera County Transportation Commission's accountability for the money it receives. Additional financial information can be obtained by contacting Patricia S. Taylor, Executive Director, Madera County Transportation Commission, 2001 Howard Road, Suite 201, Madera, California 93637.

NOTES TO THE BASIC FINANCIAL STATEMENTS

**MADERA COUNTY TRANSPORTATION COMMISSION
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Scope of Financial Reporting Entity

The Madera County Transportation Commission (the “Commission”) is the Regional Transportation Planning Agency for Madera County. The Commission’s members are the County of Madera, City of Madera, and the City of Chowchilla. The Commission’s role is to foster intergovernmental coordination, undertake comprehensive regional planning with an emphasis on transportation issues, provide a forum for citizen input into the planning process and to provide technical services to its member agencies. In all these activities, the Commission works to develop a consensus among its members with regards to multijurisdictional transportation issues. The Commission is the Regional Transportation Planning Agency (RTPA) for Madera County. In addition, the Commission also serves as staff for the Madera County Transportation Authority, which administers funding collected as part of the Measure T transportation funding initiative. As the designated RTPA, the Commission is responsible for a wide variety of actions supporting a continuous, comprehensive and coordinated planning process. In this regard, the Commission is responsible for the development of a Regional Transportation Plan (RTP) and Regional Transportation Improvement Plan (RTIP). As the RTPA, the Commission is also responsible for administering Transportation Development Act (TDA) funds, State Transit Assistance (STA) funds, Local Transportation Funds (LTF), and other transportation-related funds, as well as identifying regionally significant projects and developing funding strategies to address them. As the RTPA, the Commission is responsible for outlining and implementing transit plans that align with the Regional Transportation Plan Guidelines so as to ensure the region continues to receive federal and state funding for ongoing public transportation development. The Commission Board of Directors is comprised of three members from the Madera County Board of Supervisors, two members from the Madera City Council, and one member from the Chowchilla City Council.

Basic Financial Statements

The basic financial statements consist of the following:

- ◆ Government-wide financial statements,
- ◆ Fund financial statements, and
- ◆ Notes to the basic financial statements

The government-wide financial statements consist of the statement of net assets and the statement of activities, and report information on all of the non-fiduciary activities of the primary government and its component units. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. All internal balances in the statement of net assets have been eliminated.

Both of the government-wide financial statements distinguish functions of the Commission that are principally supported by taxes and intergovernmental revenues (governmental activities).

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Indirect expenses are allocated based on the annual cost allocation plan. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or activity; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Other items, not properly included among program revenues, are reported instead as general revenues.

Separate fund financial statements are provided for the general fund and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

**MADERA COUNTY TRANSPORTATION COMMISSION
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the trust funds financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified-accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Commission considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Expenditures are recorded when a liability is incurred except for compensated absences and claims and judgments, which are recorded only when payment is due and payable.

Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the Commission prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Commission has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Certain grants received before the eligibility requirements are met are recorded as deferred revenue. On the governmental fund financial statements, receivables that will not be collected within the available period are also recorded as deferred revenue.

The fund financial statements provide information about the Commission's individual funds including the general fund and trust funds. Separate statements for each fund category are presented. The balance sheet and the statement of revenues, expenditures, and changes in fund balances focus on the presentation of a major governmental fund, the general fund. These two statements are used to report information regarding the Commission's own operations and programs. The statement of fiduciary net assets and the statement of changes in fiduciary net assets provide information regarding the sales tax proceeds, aid from the State Government, and related disbursements. Disbursements of the trust funds during the fiscal year ended June 30, 2012, were made to the Cities of Madera and Chowchilla and the County of Madera.

For the fund financial statements, the Commission considers all revenues susceptible to accrual and recognizes revenue if the accrual criteria are met. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met and are recorded at the time of receipt or earlier, if the susceptible to accrual criteria are met.

The accounts of the Commission are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

**MADERA COUNTY TRANSPORTATION COMMISSION
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement (Continued)

The Commission reports the following major governmental fund:

General Fund – the Commission’s primary operating fund. It accounts for all the financial resources and the legally authorized activities of the Commission except those required to be accounted for in other specialized funds.

Additionally, the Commission reports the following fiduciary fund:

Trust Funds – used to account for Local Transportation Funds, State Transit Assistance Funds, Regional Surface Transportation Funds, and Public Transportation Modernization, Improvement, and Service Enhancement Account Funds held by the Commission in a trustee capacity.

Cash and Cash Equivalents

The Commission considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Commission does not consider amounts invested in external investment pools, such as the Madera County Treasury, to be cash equivalents.

Cash and Investments

The Commission deposits all funds received in the County Treasury and advances funds monthly from the Treasury to a commercial checking account to cover expenditures.

Deposits with Financial Institutions

Deposits with financial institutions are fully insured or collateralized by securities in the government’s name.

Deposits with the Madera County Treasury

Funds in the County Treasury participate in the County’s pooled investments, an external investment pool. The County Treasurer invests the Commission’s excess cash in an external investment pool on behalf of the Commission and other governments maintaining cash in the County Treasury. The County apportions a portion of the interest earned on pooled investments on the basis of the fund’s average balance. Investment policies and associated risk factors applicable to the Madera County Transportation Commission are those of the County of Madera. All of the County’s investments in securities are insured, registered, or are held by the County or its agents in the County’s name.

The County of Madera Board of Supervisors exercises primary oversight responsibility for the County of Madera’s investments. The County Treasurer manages the portfolio and reports results to the Board. A Madera County Oversight Committee consisting of the County Treasurer and Auditor-Controller and a third member representing the County schools (the primary external pool participant) also monitors the Treasury’s investment on a regular basis. No regulatory agency outside of the County of Madera exercises any regulatory responsibilities over the County’s investments. The County’s pool is not registered with the SEC as an investment company.

Government Accounting Standards Board Statement No. 31 requires that these investments in the pool be reported at fair value. The Commission’s management has elected not to report the investment in the County’s external pool at fair value because the difference between fair value and amortized cost (the basis of presentation in these statements) is not material to these financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets are reported in the government-wide financial statements. Capital assets are defined by the Commission as assets with an estimated useful life in excess of one year. The Commission maintains a capitalization threshold of \$5,000 in fiscal year 2012.

When purchased, such assets are recorded as expenditures in the governmental fund. The valuation basis for capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	<u>Estimated Useful Life</u>
Computer equipment	5 to 10 years
Office furniture and equipment	5 to 10 years
Traffic monitoring equipment	5 to 10 years

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities column of the Statement of Net Assets.

Accounts Payable

Accounts payable reported on the financial statements of the Commission are amounts that are due and payable at year-end and, thereby, accrued as an expense and liability. Accounts payable primarily consist of professional and specialized services and office expenses.

Compensated Absences

Compensated absences are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the government-wide statement of net assets. Earned compensated absences are made up of accrued vacation payable and vested accrued sick leave payable as determined by policy established by the Board of Directors. The Commission's policy states that accrued vacation must be paid in full, up to a maximum accrual amount ranging from 240 to 360 hours, depending on the number of years of service. Accrued sick leave is paid on a percentage basis on number of years in service.

Overhead

Administrative and office overhead is allocated to each project on the basis of the Commission's approved indirect cost rate. Professional and specialized services are charged directly to the applicable project.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Commission is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Non-spendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board Commissioners. These amounts cannot be used for any other purpose unless the Board Commissioners remove or change the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
- Assigned: This classification includes amounts that are constrained by the Commission's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board Commissioners or through the Board Commissioners delegating this responsibility to the Commission Manager through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.
- Unassigned: This classification includes amounts that have not been assigned to other funds or restricted, committed or assigned to a specific purpose within the Commission.

The Commission would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds.

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are external restrictions imposed by creditor, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. Net assets are reported as unrestricted when they are not restricted for any project or other purpose.

Use of Management Estimates

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pronouncements

Governmental Accounting Standards Board Statement No. 60

In November 2010, GASB issued Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*. The objective of this Statement is to improve financial reporting by addressing issues related to service concession arrangements (“SCAs”), which are a type of public-private or public-public partnership. This Statement requires disclosures about an SCA including a general description of the arrangement and information about the associated assets, liabilities, and deferred inflows, the rights granted and retained, and guarantees and commitments. Application of this Statement is effective for the Commission’s fiscal year ending June 30, 2013.

Governmental Accounting Standards Board Statement No. 62

In December 2010, GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The objective of this Statement is to incorporate into the GASB’s authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements:

1. Financial Accounting Standards Board (“FASB”) Statements and Interpretations
2. Accounting Principles Board Opinions
3. Accounting Research Bulletins of the American Institute of Certified Public Accountants’ (“AICPA”) Committee on Accounting Procedure

Governmental Accounting Standards Board Statement No. 63

In June 2011, GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This Statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. This Statement also amends the net asset reporting requirements in Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The requirements of this Statement are effective for the Commission’s fiscal year ending June 30, 2013.

Governmental Accounting Standards Board Statement No. 64

In June 2011, GASB issued Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions*. This Statement sets forth criteria to establish when the effective hedging relationship continues and hedge accounting should continue to be applied. The requirements of this Statement enhance comparability and improve financial reporting by clarifying the circumstances in which hedge accounting should continue when a swap counterparty, or a swap counterparty’s credit support provider, is replaced. The requirements of this Statement are effective for the Commission’s fiscal year ending June 30, 2012. This Statement did not have an impact on the Commission’s financial statements.

Governmental Accounting Standards Board Statement No. 65

In March 2012, GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities*. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. The requirements of this Statement are effective for the Commission’s fiscal year ending June 30, 2014.

**MADERA COUNTY TRANSPORTATION COMMISSION
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pronouncements (Continued)

Governmental Accounting Standards Board Statement No. 66

In March 2012, GASB issued Statement No. 66, *Technical Corrections – 2012 – An Amendment of GASB Statements No. 10 and No. 62*. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The requirements of this Statement are effective for the Commission's fiscal year ending June 30, 2014.

Hereinafter, these pronouncements collectively are referred to as the "FASB and AICPA pronouncements." This Statement will improve financial reporting by contributing to the GASB's efforts to codify all sources of generally accepted accounting principles for state and local governments so that they derive from a single source. Application of this Statement is effective for the Commission's fiscal year ending June 30, 2013.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A reconciliation of the total fund balances for governmental funds to the total net assets of governmental activities has been prepared as part of the basic financial statements, including explanations of differences.

A reconciliation of the total net change in fund balances for governmental funds to the total changes in net assets of governmental activities has been prepared as part of the basic financial statements, including explanations of differences.

NOTE 3 – SUMMARY OF RELATED PARTY TRANSACTIONS

The Madera County Transportation Commission maintains the Madera County Transportation Authority's accounting records and incurs various administrative and other expenses on behalf of the Authority. These expenses, reimbursed by the Authority to the Commission in the 2011-2012 fiscal year, totaled to \$79,582.

NOTE 4 – CASH AND INVESTMENTS

Cash and investments as of June 30, 2012, are classified in the accompanying financial statements as follows:

Cash and cash equivalents	\$ 59,484
Investments	<u>8,732,784</u>
	<u>\$ 8,792,268</u>

Cash and investments as of June 30, 2012, consist of the following:

Statement of Net Assets:	
Cash and investments	\$ 647,225
Fiduciary Funds Statement of Net Assets:	
Trust Funds	<u>8,145,043</u>
Total cash and investments	<u>\$ 8,792,268</u>

**MADERA COUNTY TRANSPORTATION COMMISSION
NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 4 – CASH AND INVESTMENTS (Continued)

Investments Authorized by the California Government Code and the Commission’s Investment Policy

The table below identifies the investment types that are authorized for the Commission by the California Government Code (or the Commission’s investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the Commission’s investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptances	180 days	None	None
Commercial Paper	270 days	None	None
Negotiable Certificates of Deposit	5 years	None	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	None	None
Medium-Term Notes	5 years	None	None
Mutual Funds	N/A	None	None
Money Market Mutual Funds	N/A	None	None
Mortgage Pass-Through Securities	5 years	None	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Information about the sensitivity of the fair values of the Commission’s investments to market rate fluctuations is provided by the following table that shows the distribution of the Commission’s investments by maturity:

Investment Type	Amount	Remaining Maturity (in Months)			
		12 Months or Less	13 to 24 Months	25 to 60 Months	More Than 60 Months
Governmental Activities:					
County Investment Pool	\$ 8,732,784	\$ 8,732,784	\$ -	\$ -	\$ -
Totals	<u>\$ 8,732,784</u>	<u>\$ 8,732,784</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

**MADERA COUNTY TRANSPORTATION COMMISSION
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 4 – CASH AND INVESTMENTS (Continued)

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the Commission’s investment policy, and the actual rating as of year-end for each investment type.

Investment Type	Amount	Minimum Legal Rating	Rating as of Year End		
			AAA	Aa	Not Rated
Governmental Activities:					
County Investment Pool	\$ 8,732,784	N/A	\$ -	\$ -	\$ 8,732,784
Totals	<u>\$ 8,732,784</u>		<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,732,784</u>

NOTE 5 – CAPITAL ASSETS

The following is a summary of changes in capital assets:

	Balance July 1, 2011	Additions	Deletions	Balance June 30, 2012
Capital assets being depreciated:				
Computer equipment	\$ 25,137	\$ -	\$ -	\$ 25,137
Leasehold improvements	10,868	-	-	10,868
Office furniture and equipment	14,861	-	-	14,861
Traffic monitoring equipment	<u>3,918</u>	<u>-</u>	<u>-</u>	<u>3,918</u>
Total capital assets being depreciated	<u>54,784</u>	<u>-</u>	<u>-</u>	<u>54,784</u>
Less accumulated depreciation for:				
Computer equipment	25,137	-	-	25,137
Leasehold improvements	3,712	1,087	-	4,799
Office furniture and equipment	14,863	-	-	14,863
Traffic monitoring equipment	<u>3,918</u>	<u>-</u>	<u>-</u>	<u>3,918</u>
Total accumulated depreciation	<u>47,630</u>	<u>1,087</u>	<u>-</u>	<u>48,717</u>

NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 6 – DEFERRED REVENUE

As of June 30, 2012, deferred revenues are as follows:

	<u>General Fund</u>
Aid from state government	\$ <u>397,425</u>

NOTE 7 – COMPENSATED ABSENCES

As of June 30, 2012, compensated absences payable are as follows:

	<u>Balance July 1, 2011</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance June 30, 2012</u>
Total	\$ <u>30,859</u>	\$ <u>3,008</u>	\$ <u>-</u>	\$ <u>33,867</u>

NOTE 8 – DEFINED CONTRIBUTION EMPLOYEE RETIREMENT BENEFIT PLAN

The Commission provides retirement benefits for all of its full-time employees through a defined contribution plan created in accordance with Internal Revenue Code (IRC) Section 401(a), which is being administered by I.C.M.A. Retirement Corporation. In addition to the employer defined contribution, the employees may elect to make contributions to a deferred compensation plan created in accordance with IRC Section 457. The plan permits employees to defer a minimum of 7.5% of the salaries until future years. The maximum amount an employee may defer is the lesser of 100% of annual gross salary or \$12,000. Under the 401(a) plan the employer contributes 15% of the employee's gross salary. Vesting in the 401(a) plan occurs immediately. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Employees, though, may obtain loans from the 401(a) plans secured by their individual contributions and accumulated earnings. Employer contributions to the 401(a) plan amounted to \$63,670 for the year ended June 30, 2012.

NOTE 9 – OPERATING LEASES

The Commission conducts its operations from leased facilities and also leases various office equipment. The building lease, which expires April 30, 2013, is classified as an operating lease.

The following is a schedule of future minimum rental payments under operating leases:

Year ending June 30, 2013	\$ <u>8,859</u>
Total	\$ <u>8,859</u>

Total rental expense for all operating leases for the year ended June 30, 2012, was \$61,039.

**MADERA COUNTY TRANSPORTATION COMMISSION
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2012**

NOTE 10 – CONTINGENT LIABILITIES

Grants have been received by the Commission for specific purposes that are subject to review and audit by grantor agencies. Such audits could lead to a request for reimbursement for costs disallowed under the terms of the grants. The amount, if any, of costs that may be disallowed by the granting agencies cannot be determined at this time.

NOTE 11 – PROPOSITION 1B (PTMISEA) FUNDING

The Commission receives Proposition 1B (PTMISEA) funding on behalf of transit agencies for approved capital projects. During the fiscal year ended June 30, 2012, the Commission received Proposition 1B funds of \$654,308 and expended \$3,483. These funds are held in an interest bearing account and have earned interest of \$9,358 for the year ended June 30, 2012.

NOTE 12 – RSTP FUNDING

The Commission receives Regional Surface Transportation Program (RSTP) funding on behalf of transit agencies for enhancing, repairing, maintaining, rebuilding, and rehabilitating the transportation infrastructure. During the fiscal year ended June 30, 2012, the Commission received RSTP funds of \$2,522,150 and expended \$1,261,075. These funds are held in an interest bearing account and have earned interest of \$2,470 for the year ended June 30, 2012.

**MADERA COUNTY TRANSPORTATION COMMISSION
NOTE TO THE REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2012**

NOTE 1 – BUDGETARY DATA

The Commission follows these procedures in establishing the budgetary data reflected in the financial statements:

Five months before the beginning of the year, the Executive Director submits to the Policy Advisory Committee for their approval, a draft operating budget by overall work plan elements for the General Fund for the year commencing July 1. The Policy Advisory Committee then has 45 days, to April 1, to review and make recommendations on the draft operating budget. After the recommendations have been made, the proposed operating budget is brought to the Commission for their review and approval. On or prior to the May meeting of the Commission, the budget is legally adopted through passage of a resolution.

The budget of the Commission represents a financial plan to undertake the work program of the Commission and includes proposed expenditures and the means of financing them.

All transfers, modifications, and supplemental appropriations to the budget must be approved by the Commission through resolution. Actual expenditures may not legally exceed “budget” appropriations at the individual fund level. Budgetary control, however, is maintained at the department level.

Appropriations lapse at the end of the year to the extent that they have not been expended or encumbered.

The Commission prepares its budget on a basis of accounting in accordance with accounting principles generally accepted in the United States of America. A budgetary comparison schedule for the general fund is presented on page 36.

THIS PAGE IS LEFT BLANK INTENTIONALLY.

OTHER SUPPLEMENTARY INFORMATION

THIS PAGE IS LEFT BLANK INTENTIONALLY.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the government in a trustee capacity.

Trust Funds:

State Transit Assistance Fund – This fund is used to account for the state fund, derived from statewide sales tax on gasoline and diesel fuel, apportioned to Madera County for transportation planning and mass transportation purposes.

Local Transportation Fund – This fund is used to account for 1/4 cent sales tax revenues collected by the State under the Transportation Development Act (TDA) and distributed to Madera County Transportation Commission for allocation to eligible claimants for transit streets and roads and pedestrian/bicycle facilities, as well as regional transportation planning and TDA administration.

Proposition 1B (PTMISEA) Fund – This fund is used to account for funds received from the Public Transportation, Improvement and Service Enhancement Account (PTMISEA) on behalf of transit agencies for approved capital projects. This fund is available to the California Department of Transportation for intercity rail projects and to transit operators in California for rehabilitation, safety or modernization improvements, capital service enhancements or expansions, new capital projects, bus rapid transit improvements, capital service enhancements or expansions, new capital projects, bus rapid transit improvements or for rolling stock procurement, rehabilitation or replacement.

Regional Surface Transportation Fund – This fund was established by California State Statute utilizing Surface Transportation Program Funds. This program provides funding for enhancing, repairing, maintaining, rebuilding, and rehabilitating the transportation infrastructure.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Madera County Transportation Commission
Madera, California

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Madera County Transportation Commission (the Commission) as of and for the year ended June 30, 2012, and have issued our report thereon dated March 11, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the Commission's is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Commission's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Commission's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined previously.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance

with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Commission's management, the Board of Directors, others within the entity, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT
AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Madera County Transportation Commission
Madera, California

Compliance

We have audited the Madera County Transportation Commission's (the Commission) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Commission's major federal programs for the year ended June 30, 2012. The Commission's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Commission's management. Our responsibility is to express an opinion on the Commission's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Commission's compliance with those requirements.

In our opinion, the Commission complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

Internal Control Over Compliance

Management of the Commission is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Commission's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test

and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Madera County Transportation Commission's management, the Board of Directors, others within the entity, federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

March 11, 2012

REPORT ON COMPLIANCE WITH RULES AND REGULATIONS OF THE
TRANSPORTATION DEVELOPMENT ACT

To the Board of Directors
Madera County Transportation Commission
Madera, California

We have audited the financial statements of the Madera County Transportation Commission (the Commission) for the year ended June 30, 2012, and have issued our report thereon dated March 11, 2012.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Transportation Development Act (TDA) Statutes and California Codes of Regulations, January 2005*, published by the California Department of Transportation, Division of Mass Transportation. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Commission's management is responsible for the Commission's compliance with laws and regulations. In connection with the audits referred to above, we selected and tested transactions and records to determine the Commission's compliance with the state laws and regulations applicable to the determination of the Commission's ability to receive funds allocated to it, and the propriety of expenditures in accordance with the Transportation Development Act and the rules and the California Administrative Code.

In our opinion, the results of our tests indicated the Commission complied in all material respects with the provisions referred to in the preceding paragraphs.

This report is intended solely for the information and use of the Madera County Transportation Commission's management, Board of Directors, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S COMPLIANCE REPORT

To the Board of Directors
Madera County Transportation Commission
Madera, California

We have audited the compliance of the Madera County Transportation Commission (the Commission) Transportation Development Act Funds (TDA) with the types of compliance requirements described in Section 6666 of the Rules and Regulations of the California Administrative Code in the Transportation Development Act Statutes and Administrative Code for 1987 (the Act) and the allocation instructions and resolutions of the Commission. Compliance with the requirements of laws, regulations, contracts, and grants applicable to the TDA Funds is the responsibility of the Commission's management. Our responsibility is to express an opinion on the Commission's compliance based on our audit.

As part of the audit, we performed testing of the Public Transportation Modernization Improvement and Service Enhancement Account (PTMISEA).

In November 2006, California Voters passed a bond measure enacting the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act of 2006. Of the \$19.925 billion of the state general obligation bonds authorized, \$4 billion was set aside by the State as instructed by the statute as the Public Transportation Modernization Improvement and Service Enhancement Account (PTMISEA). These funds are available to the California Department of Transportation for intercity rail projects and to transit operators in California for rehabilitation, safety or modernization improvements, capital service enhancements or expansions, new capital projects, bus rapid transit improvements or for rolling stock procurement, rehabilitation or replacement.

During the fiscal year ended June 30, 2012, the Commission applied for and received \$654,308 from the State's PTMISEA account for (1) City of Madera – purchase and install MAX bus shelters and amenities, (2) County of Madera – bus shelter/parking lots improvements and Amtrak station improvements. As of June 30, 2012, PTMISEA funds of \$3,483 were expended.

During the fiscal year ended June 30, 2012, the Commission applied for and received \$2,522,150 from the State's Regional Surface Transportation Program (RSTP) for enhancing, repairing, maintaining, rebuilding, and rehabilitating the transportation infrastructure. As of June 30, 2012, the Commission disbursed \$1,261,075 of RSTP funds to City of Chowchilla (\$111,279), City of Madera (\$562,819) and County of Madera (\$586,977).

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Audit Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have direct and material effect on the TDA funds. An audit includes examining, on a test basis, evidence about the Commission's compliance with those

requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Commission's compliance with those requirements.

In our opinion the TDA funds allocated to and received by the Commission pursuant to the Act were expended in conformance with the applicable statues, rules and regulations of the Act and the allocation instructions and resolutions of the Commission.

This report is intended solely for the information and use of the Madera County Transportation Commission's management, Board of Directors, others within the entity, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

FOR THE YEAR ENDED JUNE 30, 2012**

SECTION II – FINANCIAL STATEMENT FINDINGS

No items were reported.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No items were reported.

**MADERA COUNTY TRANSPORTATION COMMISSION
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
FOR THE YEAR ENDED JUNE 30, 2012**

SECTION II – FINANCIAL STATEMENT FINDINGS

Finding 2011-1 Accrued Liabilities

Criteria: MCTC is required to maintain a system of controls over the preparation of financial statements in accordance with generally accepted accounting principles (GAAP).

Condition: The accounting records for the special purpose trust funds did not accurately reflect financial position for these funds.

Effect: Expenses for the special purpose trust funds were understated for the year ended June 30, 2011. Consequently, liabilities were understated and net assets were overstated by \$615,481.

Recommendation: The accounting records must accurately reflect the financial position of MCTC. We recommend that the Commission enhance their year-end review process to ensure identification of expenses, for inclusion in the accounting records, in the proper period

Management Response:

Management understands the importance of accurately reflecting the financial position of MCTC. Staff has implemented procedures to enhance the year-end review process.

Status: Implemented

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No items were reported.
