

STATE ROUTE 99 IN MADERA COUNTY AVENUE 12 TO AVENUE 17 - 8 MILES WIDEN TO 6 LANES

MCTC has partnered with Caltrans and the California Transportation Commission for the following phases:

Environmental:	\$2,250,000
Design:	\$5,195,000
Right-of-Way:	\$450,000
Construction:	\$81,500,000
Total Cost:	\$89,395,000

Total Construction Shortfall: \$15,000,000

The Madera County Transportation Commission (MCTC) is applying for US Department of Transportation Better Utilizing Investments to Leverage Development (BUILD) Program funding for SR 99 in Madera County.

Over \$68 million in State and Local funds have already been secured for this project.

This project provides a major goods movement section for SR 99 through the City of Madera.

Widening of this section of SR 99 within the City of Madera is needed to improve safety, reduce congestion, increase connectivity of the highway system, and preserve acceptable facility operation. The proposed 6-lane freeway would accommodate the traffic demand at or above LOS 'D' by 2025.

The project is ready for construction in June 2018
