

RFP – Madera County Growth and Demographic Forecast
Addendum #1
Response to Questions

1. Is the deadline for the proposal June 6th or June 7th? On the RFP cover page, the deadline is June 7th but the RFP body states June 6th (page 4).

We apologize for the confusion. The deadline is June 7.

2. Under “Proposal Requirements” in the RFP, a “Subcontracting” requirement/section is first listed (on page 9), followed by a “Subcontracts” requirement/section (on page10). Can MCTC please confirm whether we can just list one “Subcontracting” section (after the “Project Personnel” section and before the “References” section) in our proposal, rather than listing both?

One section for subconsultants is sufficient.
